The By-Laws and Credentials Committee met twice over the course of the year.

Recommended changes to the By-Laws were requested

The committee confirmed the eligibility for NCNG members seeking selection to the eight vacant seats on the Executive Council.

The committee received SOP change requests this year. Any SOP change suggestion is reviewed by the committee and then recommendation is made to the Executive Council for a vote on the SOP changes. SOP changes do not need to be voted on at the convention.

There are two By-Law changes the committee will request a vote on during this Annual Convention. The proposed changes are Surviving Spouse membership and the increase membership dues to \$50 Annual and \$400 Life.
